| 8.     | Sub Clause 1.4.1, Work Experience of Volume-1. | <p><b>Clause 1.4.1 – Work Experience</b></p> <p>The NIT requires two similar works, each having a minimum value of ₹91.00 Lakhs (inclusive of GST). We request relaxation in this criterion considering our experience in the following Metro Rail projects:</p> <ul style="list-style-type: none"> <li>Delhi Metro Rail Corporation (DMRC) – Phase IV (Three Corridors): Conducting Environmental Impact Assessment (EIA) and Social Impact Assessment (SIA) Studies – ₹1,23,95,900/- (Inclusive of GST).</li> <li>Patna Metro Rail Project: Environmental and Social Consultancy Services (EIA &amp; SIA Studies) – ₹58,78,730/- (Inclusive of GST).</li> </ul> <p>Both assignments are of similar nature involving Environmental and Social studies for Metro Rail projects. We therefore request GMRL to kindly consider these credentials by suitably relaxing the value requirement under Clause 1.4.1.</p> | <p><b>Work Experience:</b> The tenderer will be qualified only if they have successfully completed/substantially* completed similar work(s)** as Prime Consultant during the last 7 years up to the last day of the previous month of bid submission as given below:</p> <p>(i) At least one work of similar nature or value of <b>145 Lakhs</b> of the estimated value or more.</p> <p style="text-align: center;"><b>OR</b></p> <p>(ii) Two works of similar nature, each of value of <b>91 Lakhs</b> of the estimated value or more.</p> <p style="text-align: center;"><b>OR</b></p> <p>(iii) Three works of similar nature, each of value of <b>73 Lakhs</b> of the estimated value or more.</p> <p>*Substantially completed means the Similar work must have been completed at least 80%. Employer certificate should clearly mention the extent of completion.</p> <p><b>**Similar Work:</b> Comprehensive Environmental &amp; Social Monitoring/Audit or ESIA Studies for MRTS/RRTS, Railway, Highway, and Expressway Sectors. Client completion certificates/documents are required for supporting similar work.</p> | Refer Corrigendum 1 |

| 9) Bernard Gruppe dated 07.08.2026 |                                                                                                              |                                                                                                                                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |                           |
| 25.                                | Sub Clause 1.3.1.10 – Participation by Subsidiary Company / Parent Company with Credential of Other Company. | It is respectfully requested that wholly owned subsidiaries registered in India may kindly be permitted to utilize the technical credentials of their foreign company for qualification purposes, subject to submission of an appropriate undertaking confirming the parent company's technical support and commitment during execution of the assignment.                  | The RFP provides that an Applicant participating as a subsidiary company shall not be permitted to utilize the credentials of its parent company and vice versa. It is observed that several engineering and consultancy organizations operate in India through wholly owned subsidiaries, whereas the technical experience and project credentials are held by their foreign parent companies. The Indian subsidiary generally undertakes project execution with technical support and expertise from the parent organization.                                                                                                                                              | Tender Conditions Prevail |
| 26.                                | Sub Clause 1.4.1 – Work Experience (Similar Work) of Volume-1                                                | It is respectfully requested that completed multidisciplinary consultancy assignments in the MRTS/RTS, Railway, Highway and Expressway sectors, wherein Comprehensive Environmental & Social Monitoring/Audit or ESIA Studies formed an integral part of the overall consultancy scope, may kindly be considered as eligible similar work for the purpose of qualification. | The RFP defines similar work as Comprehensive Environmental & Social Monitoring/Audit or ESIA Studies for MRTS/RTS, Railway, Highway and Expressway sectors. It is observed that Environmental & Social Monitoring/Audit and ESIA Studies are often undertaken as part of multidisciplinary consultancy assignments such as General Consultancy, Project Management Consultancy (PMC), Authority Engineer, Independent Engineer, Detailed Project Report (DPR), Design Review and Construction Supervision services in the MRTS/RTS, Railway, Highway and Expressway sectors. In such assignments, environmental and social services constitute an integral component of the | Refer Corrigendum 1       |

|        |                                                        |                                                                                                                                                                                                                                                                                                                                                                                                                         | overall consultancy scope and are carried out in accordance with the project requirements.                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                     |
| 27.    | Sub Clause 1.4.2 – Key Experts Requirement of Volume-1 | It is respectfully requested that the above requirement may kindly be amended such that at least one of the three key experts is required to be on the bidder's payroll, while the remaining experts may be engaged through contractual or retainer arrangements, subject to meeting all prescribed qualification and experience requirements and being available throughout the execution of the consultancy services. | The RFP requires the Social Specialist, Environment Specialist and Health & Safety Specialist to be on the bidder's company payroll. It is observed that consulting firms generally engage subject matter experts through a combination of permanent employees, long-term retainers and contractual arrangements depending upon the nature and requirements of the assignment. The experience and qualifications of the proposed experts remain the primary consideration for successful execution of consultancy services, irrespective of the mode of engagement. | Refer Corrigendum 1 |
